Applicant : Edith SORENSEN

Confirmation No. : 3993

Group Art Unit: 1611

Appln. No. : 10/582,079

(National Stage of International Application No. PCT/EP2004/013963)

Filed : June 8, 2006

Examiner: Nicoletta Kennedy

THIRD SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
U.S. Patent and Trademark Office
Customer Service Window, Mail Stop AF
Randolph Building
401 Dulany Street
Alexandria, VA 22314

Sir:

In accordance with the duty of disclosure under 37 C.F.R. 1.56, 1.97, and 1.98 and further to the previously filed Information Disclosure Statements, Applicant hereby updates information relating to parent U.S. Application No. 10/582,223 cited in Applicant's Information Disclosure Statement and Supplemental Information Disclosure Statement and noted in the priority information in the response filed March 4, 2010.

Applicant once again notes that Application No. 10/582,223, which published as US 2007/0081950 A1, is a National Stage of PCT/EP2003/013873, which published as WO 2005/058263, and of which the present application is a continuation-in-part.

An Office Action has been mailed January 22, 2010 in Application No. 10/582,223, and the Examiner is requested to review the Office Action and the rejections set forth therein.

Applicant notes that the following documents are cited in the Office Action, and are included in obviousness rejections, along with the previously cited US 2003/0072841 A1 to Rajaiah et al.

U.S. Patent No. 5,470,566 to Lutzen

U.S. Patent No. 6,926,916 to Day et al.

EP 0309414 to Cavazza et al.

Gibbs et al., "Encapsulation in the food industry: a review.", International Journal of Food Sciences and Nutrition; 1999;50; 213-224

Moreover, the following additional documents are of record in Application No. 10/582,223:

U.S. Patent No. 2,876,167 to Roderick

U.S. Patent No. 5,851,514 to Hassan et al.

U.S. Patent No. 6,174,516 to Curtis

U.S. Patent No. 6,294,155 to Thomas et al.

U.S. Patent No. 6,331,291 to Glace et al.

Putt et al., "A comparison of the Polishing Properties of Human and Bovine Enamel", J Dent Res 1980;59(7); 1177.

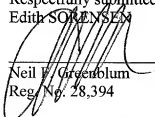

Copies of the above-noted documents, except for copies of U.S. patents and U.S. patent publications, are submitted herewith for the convenience of the Examiner even though these documents are present in the parent application together with a duly completed Form PTO-1449. The Examiner is accordingly requested to consider each of these documents, and to make them of record in this application by initialing in the appropriate spaces on the Form PTO-1449. Applicant respectfully requests that the Examiner include a copy of the initialed Form PTO-1449 with the next communication from the U.S. Patent and Trademark Office.

The Examiner was requested to review the file wrapper of the parent application at the Patent and Trademark Office, including the Office Actions mailed therein. Accordingly, the Examiner should be considering the parent national stage application when reviewing the present application. However, to ensure that the record reflects such consideration, Applicant is presently listing information cited in the parent application but not formally of record in the present application on a Form PTO-1449. Accordingly, a fee and/or certification should not be necessary for consideration of the information cited in the Third Supplemental Information Disclosure Statement. However, authorization is hereby provided to charge any necessary fee to Deposit Account No. 19-0089.

Should there be any questions, the Examiner is invited to contact the undersigned at the below listed telephone number.
